

GREEN WEALTH PVT. LTD.

Redefining Municipal Solid Waste Management System

OUR VISION

To reduce the amount of waste by promoting individual and corporate responsibility. To recover highest value from waste.

OUR MISSION

To become a leading enterprise for managing solid waste of Bhopal by promoting equitable, sustainable, environmentally sound and cost-effective practices through an integrated system of waste reduction, reuse, recycling, innovative technology, education and service.

WHY GREEN WEALTH PVT. LTD.?

Solution Platforms

We will explore a mobile technology platform to mitigate pollution caused by municipal solid waste and resolve waste management crisis while localizing sustainable development across Bhopal.

Innovation

Using Geo Location functionality, we will provide real-time access to convenient and affordable waste disposal service and likewise connect residents to nearest recycling stations where recyclable waste is exchanged for Green Credits which is convertible to currency for use in day-to-day transactions.

Circularity

Our company is centred around People, Planet and Prosperity while converting would-be pollution causing wastes to wealth for the development of the city of Bhopal. We will promote a circular economy through endless possibilities of recycling and provide residents with channels for convenient and easily accessible general waste disposal.
